

## ECONOMY RANGE

These are produced either by photocopier or laser printer in black on to white or coloured background. We stock a wide variety of coloured papers in pastel or dayglo.

The image can be REVERSED OUT if required.

## LITHO PRINTED RANGE

These can be printed on to the same range of materials. We have a large variety of ink colours as standard, but may have to make a nominal charge for really precise Pantone colour matches. If you want a monochrome photograph included, please add £15 when you place your order. We can scan your original photo for you, and convert colour photos to monochrome.

## FULL-COLOUR RANGE

These are printed by a Canon Laser Colour Copier linked up to our computers. This provides an economical and very acceptable alternative to conventional full-colour litho printing. A photograph can be included at no extra charge.

## PROOFS

We can fax or post a proof copy of the artwork for your order, free of charge. Please bear in mind that for Litho Printed orders we are only able to provide black and white proofs.

## YOUR PRINTS

We can make badges from your prints. Ask for more details.

## PRICE

If you are unsure of the price of your order, simply send us your instructions and order form, requesting either a quotation or a pro forma invoice.

Should you miscalculate the cost of your order, don't worry! We will either politely ask for the difference, or send a refund with your order should you send us too much!

As a small company we are able to be very flexible. Whatever your requirement, please feel free to contact us for advice.
